3rd International Conference on
Machine Learning and Autonomous Systems
(ICMLAS 2026)
11-13, March 2026 | https://icmlas.com/2026

# Acceptance Letter

| Paper ID | Paper Title | Author's Name |
|---|---|---|
| ICMLAS-172 | A REAL TIME, RESOLUTION-AGNOSTIC AI FRAMEWORK FOR ENHANCED GLIOMA DETECTION AND SEGMENTATION | Narisetty SrinivasaRao, Chintada Yaswanth, Kancharana Hari Prasad, Kalakonda Giridhara Venkata Krishna Sai |

Dear Author,

**Greetings from ICMLAS 2026!!**

The Organizing Committee is pleased to inform you that the above peer-reviewed & refereed conference paper has been accepted for presentation at the **3rd International Conference on Machine Learning and Autonomous Systems (ICMLAS 2026)** organized by Stamford International University Bangkok, Thailand on 11-13, March 2026.

In this regard, we appreciate if you could send the final paper, IEEE Copyright Form and Payment proof to the conference at the earliest, to ensure a timely publication of your research paper. When submitting your final paper, please highlight the changes made to the research paper according to the specified reviewer comments.

With Thanks,
Yours' Sincerely

Conference Chair
Dr. Surekha Lanka
ICMLAS 2026

# Technical comments

**Review comments:**

"1. How the modified VGG-16 differs from the standard VGG-16
2. Please provide numerical segmentation results (like Dice score or IoU)
3. Please explain how the Resolution-Agnostic Loss behaves when input MRI resolution changes
4. Kindly include class-wise results for glioma detection to better understand
5. Please revise the conclusion to include a brief mention of current system limits
6. Section 4 should be revised to remove bullet points and rewritten in paragraph format. Additionally, the manuscript should be carefully edited to improve English language quality, including grammar, punctuation, spelling, and overall academic style.
